

## **Report to Dorsey's Search Village Board – October 2022**

- Discussion on Lake Elkhorn stream restoration continues. We are now waiting for specific design plans from the contractor to be provided for public comment.
- It was agreed that the 2022 President/CEO evaluation process was flawed. A new evaluation protocol that was proposed by Board members will be presented for a vote.
- A decision was made to reallocate funds from a Hickory Ridge village center renovation account to provide the replacement of the Sixpence tot lot with all-metal equipment.
- An easement was granted to Level3 Communications to install fiber infrastructure under CA land along Little Patuxent Parkway after the Board insisted that certain conditions be written into the contract.
- FY24 budgeting continues after obtaining community input and reviewing our 5-year plan strategic objectives. Staff has been directed to determine how a continuation of the FY23 budget would be affected by current and projected national economic conditions..
